

Instructions

- 1 Print this Guide on 8.5" x 11" (letter-size) paper scaled at 100%. Do not select "Fit to Page" or any similar option.
- 2 With a ruler, check to see if the inch marks along the right side of the Guide are accurate. If so, you printed this correctly at 100% scale.
- 3 Cut along the black dotted line at the top of Page 2.
- 4 Tape both pages together so that Page 2 overlaps Page 1. Hold the pages up to the light, and align circle A to B and circle C to D along each side of the Guide.

Tips

- Always measure both feet while standing up, to the longest toe. Order the size that fits the longest foot.
- If your toe is between numbers, move up to the next size.
- You may want to move up to the next size to allow room for growth.
- If your foot covers the blue borders, a wide-width style may be a better fit.
